Do we have a project for 1955-56? There was a time when I thought we did, but now I am beginning to wonder. The treasurer seems to be constantly digging at the bottom of the barrel. At the present time we have just enough to pay off the old project of the Education department but have nothing on hand for the new one.

As you know the project is the purchasing of books for the new library. I have been asked several times by Mr. Marston, the Librarian, when these books could be ordered.

Almost half of the year is behind us and we have only given about $400.00. Surely we can pull together in the remaining few months and make this project a successful one.

**PROGRESS**

You have probably heard that work has begun in the new location of the library. Terrazzo has been laid for the flooring and now work is being done on the plastering of the walls. We would like to see the library in its new location by the time school opens this fall, but realize that only the Lord knows if this will be accomplished. So let's do our part by praying and giving toward the project.

I might also say that unless your gift is designated for the Alumni project we will not receive it. All those not marked will go to the general fund.

Sincerely in Him,

Heita Hall, Treasurer

**DALLAS CHAPTER ADOPTS CONSTITUTION**

The annual March business meeting of the Dallas Alumni Chapter was held March 24 with 16 members present.

Business for the evening included the adoption of a formal constitution patterned after the Bryan University Alumni Constitution, and the election of officers for the coming year. Jim Gould will lead the chapter as President with David Kribbs assisting him as Vice-President. Helen Malone will serve as Secretary and Herbert Friedrich as Treasurer.

Bob Bryant, who will graduate in May, gave a few closing remarks, after which the group enjoyed refreshments and fellowship.

**COLORADO DINNER**

Though this is January and Christmas is past, let it still be said that there are Bryan alumni gatherings throughout the land throughout the year.

This one was held in the lovely Penwood Restaurant, Englewood, Colorado, on the evening of December 30. After a delicious dinner the Colorado Bryan Alumni chapter's newly elected President, Les Farrington, was in charge. Testimonies were given by both present and past students. The present students who attended the dinner included Carole Hemmerman, Shirley Smiley, Donna Black, Norma Nandrea, Eun Smith, and Joyce and Gene Anderson.

Others who attended were Lester ('50) and Madeline Farrington; Dean ('53) and Grace (Smith '53) Koontz; Al ('56) and Jo Lacey; John ('54) and Joyce (Johnson '54) Mathburn; and Dale ('54) and Martha (Sef- (Fellowship News continued on pg. 3)
Our Missionary Family

Ruth and Clifford Hanham (’52) Auras, Oriente, Cuba.

"The family is just fine. Susan is crowing like a vised and has two little shiny teeth. Christi and Drusilla are getting anxious to return to the North although they do not remember too much about it. Mommy and Daddy are trying to figure out how they are going to get everything done before furlough time. The Bible School is out here April 14, and we plan to leave April 17. There is so much to be done here and those left behind will have a real load to carry. Don't forget to pray for them."

"Nothing too special has happened since I wrote my last letter except that I passed my test on Nov. 18. ...Thank you for praying. Right now I’m enjoying good health and busy with language study — happy to be in Japan.

We've talked of a Bryan get-together out here but it hasn't materialized as yet. I met John Quimby in Tokyo — just by accident one day in December. I had a visitor from Bryan, though — just about 2 weeks ago now — John Howsden, Edythe's brother. He is stationed in the northern part of this island. Edythe had sent him my address and told him to look me up sometime. He did and I think he enjoyed his stay here."

Helen Gow (’48) Bakavu, Congo Belge, Africa

"It is a joy at the beginning of this New Year to send greetings to you from Congo-land. It is good to be back again, and I'm enjoying teaching the sixth grade. On weekends, when possible, I like to go to the villages and teach the African children about our wonderful Lord."

"Mr. and Mrs. Glen Crumley and family live right across the road from me and are doing very well in their language study. The Africans already love them."

"Miss Lola Baker will be leaving soon to go home on furlough."

"Mr. and Mrs. Jack Lacey live about 200 miles away. I visited their station in April, but they were away at the time."

"Miss Nadine Schick is studying in Belgium and will be coming to the Congo sometime this year, the Lord willing."

"We'll really be able to have a Bryan reunion. Perhaps the Lord will lead more Bryan students to the Congo in the future to help us present Christ to dark African hearts."

Margie (Sp.St.) and Glen Crumley (’52) B.A. M.S. Ikosi, Bakavu, Congo Belge, Afrique.

"The Lord has been good and has provided our needs. We feel honored that He has chosen us to serve Him in such a field. We are in language study and have no definite responsibility as yet. In a few more months Glen will be teaching in our school. Privileged we are to be working with Helen Gow. She has done a good work for the Lord in the villages among the children."

Mr. and Mrs. Mark Levengood, (’42) Linda and John have been visiting in Dayton since their return to the States in March. They have been in Natal, South Africa, the past five years as missionaries under the Christian Missions to Pany Lands.

Mrs. Hill, Director of the Boarding Department, who resigned in February, will leave around July 31 for Glendale, California, where she will be assuming new duties in the home office of the Wycliffe Bible Translators. Mrs. Hill is looking forward to meeting all the Bryan Alumni in that area.

ARIZONA

Even the far West has its Bryan Alumni. Lonesome for life on the Hill, one present and thirteen former Bryan students gathered for a "round up" at the Wiggans home in Glendale, Arizona, Thursday, December 29.

Informal chatter at record speed characterized the evening of news catch-up and fellowship in sharing the Lord's blessings in lives since finishing at Bryan. In good Bryan style, the group carried on part of the fun over a game of Battleship.

Included in the group were:

FELLOWSHIP NEWS continued from pg. 1
Loretta (Craig '55) and Charles Kirtley ('51), Shellsburg, Iowa.

"We are located here at Shellsburg, Iowa at the present, in a rural community and Charles is pastoring a rural church. Somehow the "Bryanette" got a bit confused in stating my whereabouts and said that I was teaching school in Missouri when actually it is Edythe (Howsdon) Kirtley who is teaching there."

"May we as Alumni never forget the wonderful times of blessing that we had while at Bryan and offer our praises to Him for leading us there."

Gladys (Jennewein '50) and Ronald Mezmar ('52), 3227 East 117th St. Cleveland, Ohio.

"Following the birth of our daughter, Jill, and Ronald's graduation from Grace Seminary we acted on a covenant that we made at Bryan: that we would give foreign missions top priority in selecting our life's work. The Lord laid on our hearts the city of Sao Paulo, Brazil, which has been the fastest growing city in the world for the past ten years. Then our feet were directed to the Assoc. of Baptist for World Evangelism, a faith board with work in this city. Since last fall we've been doing deputation work. The Lord has blessed us with a fourth of our support and we need the fortification which your prayers will afford as we try to convince churches that opportunities are fading and failing with each day that we tarry."

La Verne (Howland '47) and Charles Tedder 701 No. 15th St. Van Buren, Arkansas.

"John is now associate pastor and educational director of the First Baptist church here in Van Buren. He also has charge of the visitation and music program. Of course you know me... I have a Sunday school class and work with the training union and Young Women's Auxiliary. We have two boys, one four and the other fifteen months."

"Janice (Goehring '50) Goates and her husband have been here to visit us. They are now at Westmont, where Sammy is attending school."

Marge (Korgan '47) and George Wustrom ('49) 20643 Kittridge St., Canoga Park, California.

"Well, we've made the San Fernando Valley our home. We've bought a home here. We have a 4 bedroom house so we'd like to share our home with incoming and outgoing missionaries. Since we have easy access to the L. A. International airport and also the Los Angeles harbor we'd love to welcome or say good-bye to many Bryanites."

Bill Roller ('52), Fort Carson, Colorado.

"The Lord surely has blessed here at Fort Carson. Every Tuesday evening I have a few fellows here in my room for Bible study... I am very glad for a room by myself and a job that does not keep me tied down too much. Then on Wednesday evening a car load of us always go to town for a Bible study at the Christian canteen... I am thankful too for this privilege."

"My time will soon be up in the army and I have not decided what I will do. I am thinking very seriously of getting out of the army and staying out here and working in the Canteens. There is a need for workers that love these fellows and want to reach them with the gospel. The Lord is blessing here and many have found the Lord as their Saviour."

"The Lord has placed me in a very lovely school this year, as teacher in Glen Ellyn, a neighbor to Wheaton, so I am able to commute each day. After working on a new addition to the school for a period of time, Wally Sidback ('52) accepted a position on the teaching staff and is now busy with one of the fifth grades. There are a number of Christians among the teachers and the fellowship has been so good."

********** Kenneth Moeller ('44) has been appointed as financial secretary of the Foreign Missionary Society of the Brethren Church. He began his services on a part-time basis, serving the other part of his time in the Grace Seminary office where he has been employed.**********
